

Annual Plumbing Service Agreement

You probably don't think about your plumbing until something goes wrong. Our plumbing annual maintenance plan is here to help! We'll come to you twice a year to make sure everything is running smoothly and provide emergency service when things don't run smoothly. Experts recommend having your plumbing inspected at least once a year to detect problems before they start. We will inspect exposed plumbing and advise you of any needed repairs plus we will make recommendations to help ensure your plumbing system is operating properly.

Member Benefits:

- 2 visits per year 1 year in duration
- Priority Service
- Peace of mind knowing your system is operating properly
- up to 10 % discount on any and all plumbing services

Once A Year We Will:

Dye test all water closets for leaks and proper flushing action

Check household faucets for leaks and corrosion, clean aerators for proper water flow

Check all exposed hot and cold water supply lines and shut off valves for leaks.

(Excludes crawl space and attics)

Check all fixture drains

Check wash machine hoses for signs of damage or kinks that may lead to leaks.

Check all lawn faucets for leaks

(Cannot be done during the winter season)

Check proper drain flow

Check water heater operation
